I. General provisions

1. What is the legal relationship between the persons involved in the contract?

- 1.1. If the insurance policy has been concluded for the benefit of third parties, it is the insured person who is entitled to exercise the rights from the contract.
- 1.2. All provisions that apply to the insured person must be applied accordingly to their legal successors and other claimants.
- 1.3. Insurance claims cannot be transferred or pledged before the due date without our consent.

2. Prerequisites for insurance cover

A general prerequisite for insurance cover is that this insurance cover was obtained for the Account, the Virtual Card or the Corporate Card, and all of the travel costs were paid with the Account, the Virtual Card or the Corporate Card.

Regardless of card use, insurance cover applies to transport accident protection for the company car, for medically meaningful and physician-ordered return transport of repatriation due to an accident, and the travel health insurance policy.

In the event payment cannot be made with the Account, the Virtual Card or Corporate Card before the start of travel, the insurance cover is also activated if the relevant card is filed as a payment method in a booking or reservation system prior to travel, and billing is in fact processed through this card. In the case of death, insurance cover can be activated as long as the relevant card has been filed with a booking or reservation system.

3. Provisions for travellers with Corporate Card and simultaneous Account or Virtual Card

In the event of the simultaneous existence of an Account with insurance cover, a Virtual Card with insurance cover and a Corporate Card with insurance cover, the total insurance cover that applies to the Account, the Virtual Card and Corporate Card including all agreed benefits is activated by the use of one of the cards.

Regardless of card use, insurance cover applies to transport accident protection for the company car, for medically meaningful and physician-ordered return transport of repatriation due to an accident, and the travel health insurance policy.

Compensation benefits are always paid out of the contract that is most advantageous for the claimant. There is no addition of similar insurance benefits from multiple contracts under this master contract.

4. General exclusions

a) Sanction Exclusions

We do not provide any insurance cover, as long as it is prohibited by applicable statutory provisions under German and / or EU law. Applicable statutory provisions are:

- Foreign Trade Law AWG
- Foreign Trade Ordinance AWV
- Regulations of the European Union, such as Regulation EU 961/2010

Information on the relevant sanctions of the government authorities can also be found on the following website: https://www.eeas.europa.eu/eeas/european-union-sanctions_en

b) Travel Warning

Your travel to a country or specific area or event to which a government agency in the country of residence (the location of the registered office of the company where the traveling person is employed) or the World Health Organisation has advised the public not to travel, or which are officially under embargo by the United Nations. If you travel to a country under embargo or where a government agency has issued a travel warning at the time of the beginning of the journey, the insurer will make no payment of any expenses and will only assist with arrangements if another form of payment is made for the services.

However, insurance cover is provided and service is offered if an event that led to a travel warning occurs unexpectedly after the start of the trip. The insurance cover expires at the end of the seventh day after the travel warning was issued.

5. Exercising rights / beneficiaries

The insurance policy has been concluded in favour of the insured person.

In the case of a claim, rights may be exercised by the insured person, and by his heirs in the case of death.

The individual insured persons are entitled to receive benefits.

In the case of death, the death benefit goes to the estate of the deceased.

6. Limitation of insurance benefits (cumulative)

The maximum benefit offered by us for all Accounts, Virtual Cards and Corporate Cards as a result of a damage event is £ 87,000,000.00. If this amount is exceeded, the insurance benefits of all insured persons who are involved in the accident will be reduced by the corresponding amount.

7. Changes to the contract

In the event AirPlus and insurer agree to changes to the contract, these shall apply as of the effective date for already issued and newly added Accounts, Virtual Cards and Corporate Cards that offer insurance cover under this contract.

8. Secondary liability

Compensation benefits are always paid out of the contract that is most advantageous for the claimant.

a) Secondary liability vis-a-vis third parties

If the insured person has a claim to benefits vis-a-vis a third party, the insurer is only required to provide payments for expenses that exceed the third party's payments.

The insurer does not provide compensation insofar as a benefit from another insurance contract can be claimed for the damages.

This provision does not include death and disability benefits under the transport and traveller's accident insurance.

b) Secondary liability with several simultaneous AirPlus accident contracts

The amounts insured from the framework agreement between AirPlus and the insurer are approved either from the transport accident or traveller's accident insurance policy.

Compensation benefits are always paid out of the contract that is most advantageous for the claimant. There is no addition of equivalent insurance benefits from multiple contracts under the AirPlus master contract.

9. Payments in foreign currency

Costs incurred in foreign currency that are paid with a Corporate Card or a Virtual Card will be reimbursed in GBP according to the charges on the credit card account.

If the costs in foreign currency were not paid with a Corporate Card or a Virtual Card, amounts will be converted into Pound Sterling at the European Central Bank rate for the day on which the receipts are received by the insurer. If required, the GBP amount can also be made available in the foreign country in foreign currency - converted at the rate on the transfer date.

In the case of a grossly negligent breach of an obligation, we are entitled to reduce our benefits by the amount that corresponds with the severity of fault. Both of the above only apply if we have advised you of these legal consequences via a separate notification in text form.
